

US Dept of Labor State Energy Sector Partnerships Grant Survey

1. INTRODUCTION:

WorkforceWV expects to apply for a \$2 million to \$6 million State Energy Sector Partnership and Training Grant to provide education and training and associated support services related to the "greening" of energy sector jobs. If your organization would like to be included in the grant submission, please complete this survey for EACH program or set of activities you would like to have considered for such funding. Within a week of your completion of the survey, you will be contacted with follow-up questions. While we will make every effort to include as many viable projects as possible in the proposal(s), participation in this survey does not mean your project will be included in the grant application or funded at the funding level you seek.

1. Name of Organization:

2. Contact Person:

Name:

Address:

Address 2:

City/Town:

State:

ZIP:

Email Address:

Phone Number:

3. Organization Project Coordinator:

2. PROGRAM:

4. For what type of career would students be preparing?

- Energy Efficiency (e.g., construction and building trades, including energy efficiency assessment)
- Renewable Energy (e.g., solar, wind, hydroelectric)
- Alternative Energy (e.g., biofuel production, flex fuel vehicles)
- Advanced Traditional Energy (e.g., coal gasification/liquification; coalbed methane extraction; enhanced oil recovery)
- Deconstruction and Materials Use Industries
- Other (e.g., transportation; environmental protection; sustainable agriculture, including healthy food production; forestry; recycling/waste reduction)

5. Please identify the career(s) for which students will be preparing.

US Dept of Labor State Energy Sector Partnerships Grant Survey

6. Upon successful completion of the program, what type of credential will the student receive?

- Certification Other Certificate None
- Skill Set Certificate Two-Year Degree Other
- Registered Apprentice Certificate Four-Year Degree

7. Identify the precise credential(s):

8. Describe briefly the career pathway for this particular program. What is the expected education level of most students entering the program? If a student wants to pursue additional education, what is the most logical next step in the career pathway?

3. OUTCOMES:

9. How many participants do you expect to serve?

10. How many participants do you expect to complete education/training activities?

11. How many participants do you expect to be placed in unsubsidized employment?

12. How many participants do you expect to be retained in unsubsidized employment for six months?

4. PARTNERS:

This grant has required and optional partners. Please identify each partner and explain its role in the partnership.

13. REQUIRED: Education/Training Provider

Name:

Organization:

Address:

Address 2:

City/Town:

State:

ZIP:

Email Address:

Phone Number:

14. Describe briefly the expected role(s) of the education/training provider.

15. REQUIRED: Public Workforce Investment System (e.g., Local WIB/One-Stop)

Name:

Workforce Organization:

Address:

Address 2:

City/Town:

State:

ZIP:

Email Address:

Phone Number:

16. Describe briefly the role(s) of the public workforce investment system.

17. REQUIRED: Employer(s)

Employer No. 1	<input type="text"/>
Employer No. 2	<input type="text"/>
Employer No. 3	<input type="text"/>
Employer No. 4	<input type="text"/>
Employer No. 5	<input type="text"/>

18. Describe briefly the role(s) of employers.

19. Other Partners:

Partner No. 1	<input type="text"/>
Partner No. 2	<input type="text"/>
Partner No. 3	<input type="text"/>
Partner No. 4	<input type="text"/>
Partner No. 5	<input type="text"/>

20. Describe briefly the role(s) of other partners in this project.

5. NEED:

21. What specific community will the project serve?

22. Does the project service region include Putnam County (auto industry preference)?

Yes

No

US Dept of Labor State Energy Sector Partnerships Grant Survey

23. Describe unique needs of the community (e.g., unemployment rate, poverty rate, significant layoffs/business restructurings):

24. Provide a summary of the expected skill level of students entering the program:

25. Describe other barriers to education and employment for students (e.g., lack of child care or access to transportation):

26. Current employment in this career in community:

27. Projected employment in this career in community (When?):

28. Describe the current hiring needs of employers:

6. RECRUITMENT:

US Dept of Labor State Energy Sector Partnerships Grant Survey

29. What types of workers do you plan to target? (These groups are to be given priority.)

- Workers impacted by national energy/environmental policy
- Workers in need of updated training for energy efficiency/renewable energy industries
- Veterans/reserve
- Unemployed individuals
- Individuals seeking employment pathways out of poverty
- Individuals with criminal records
- Disabled workers

30. Do you want funds to support recruitment?

- Yes No

31. If so, how much money?

32. If so, how will you spend recruitment funds?

33. Do you expect to leverage existing and/or non-federal resources for recruitment?

- Yes No

34. If so, describe the leveraged recruitment resources.

7. EDUCATION/ TRAINING:

35. Describe the primary education activities that will be undertaken:

US Dept of Labor State Energy Sector Partnerships Grant Survey

36. Is the curriculum based on or consistent with the Industry Competency Model of the Competency Model Clearinghouse?

Yes

No

37. When will the education activities start?

38. When will the education activities end?

39. Will the project involve contextualized learning?

Yes

No

40. If so, describe the contextualized learning experience(s).

41. Will the project include an internship program?

Yes

No

42. If so, please describe the internship program.

43. Will the education be provided for the benefit of an employer or group of employers?

Yes

No

44. If so, identify the employer or group of employers.

45. Will curriculum development or updating be part of this project?

Yes

No

US Dept of Labor State Energy Sector Partnerships Grant Survey

46. If so, please explain why a curriculum needs to be developed or updated?

47. Will the project involve basic skills education?

Yes

No

48. If so, please describe the basic skills education that will be needed.

49. How much money do you want for education? (The answer to this question should be the total of all boxes in Questions 50 and 51.)

50. Break down the direct education costs into the following categories:

Faculty/Instructors:	<input type="text"/>
Fringe Benefits:	<input type="text"/>
Support Staff:	<input type="text"/>
Classroom Space:	<input type="text"/>
Books, Materials and Supplies:	<input type="text"/>
Specialized Equipment:	<input type="text"/>
Other:	<input type="text"/>

51. Break down other educational costs (excluding support costs, which are addressed in the next section) into the following categories:

Curriculum Development:	<input type="text"/>
Initial Assessment:	<input type="text"/>
Basic Skills Education:	<input type="text"/>
Internship Programs:	<input type="text"/>
Other:	<input type="text"/>

US Dept of Labor State Energy Sector Partnerships Grant Survey

52. Provide an explanation of how you plan to spend these funds (for inclusion in the cost proposal) where the plan might not otherwise be evident based on your answers to the preceding questions.

53. Do you expect to leverage existing and/or non-federal resources for education?

Yes

No

54. If so, describe the leveraged education resources.

8. SUPPORT SERVICES:

55. Provide a brief summary of basic support services (excluding placement/retention) that will be provided for participating students. (NOTE: Grantees may use no more than 5 percent of grant funds on these services.)

56. Provide a brief summary of placement services (if relevant) you or your partners plan to provide.

US Dept of Labor State Energy Sector Partnerships Grant Survey

57. Provide a brief summary of job retention services you or your partners plan to provide.

58. Break down support service costs that you would like to charge to the grant:

Case Management	<input type="text"/>
Career Counseling	<input type="text"/>
Computer Laboratory Support	<input type="text"/>
Child Care	<input type="text"/>
Transportation	<input type="text"/>
Other Placement	<input type="text"/>
Other Employment Retention	<input type="text"/>
Other	<input type="text"/>

59. Provide an explanation of how you plan to spend support funds (for inclusion in the cost proposal) where the plan might not otherwise be evident based on your answers to the preceding questions.

60. Do you expect to leverage existing and/or non-federal resources for support services?

Yes No

61. If so, please describe the leveraged support service resources.
